

PRESS RELEASE

DATE: April 14, 2011

Tim Birnie, President of Birnie Electric Limited has been nominated and accepted onto the Board of Directors for the Greater Electrical Contractor Association of Toronto (GECAT). Mr. Birnie had served on the Board in the early 90's but had to step down due to family commitments.

Says Birnie "I'm very excited to be able to serve on the Board again, I thoroughly enjoyed both the camaraderie and responsibility the position demanded. This industry has been extremely good to me and my father before me and it's only fair to give something back"

The position takes effect after the next annual meeting in May 2011.
